

Innovative Flexible Packaging Solutions

About us:

Established in 1986, Packaging Industries Co. (PIC) is a privately owned Jordanian company specializing in the manufacturing, converting, and printing of premium-quality flexible packaging materials. As a member of the Nuqul Group, PIC is committed to delivering innovative packaging solutions that meet the diverse needs of our clients.

Services And Products

Services:

1

Advanced Printing

We use advanced rotogravure and flexographic printing technology to deliver vibrant and accurate visuals.

2

Lamination & Slitting

Our lamination techniques enhance durability, while our slitting processes ensure clean, efficient production.

3

Tailored Packaging Solutions

From concept to production, our technical team supports clients with packaging development and optimization.

Products:

1

Flexible Films

Multi-layer and high-barrier films for various applications.

2

Printed & Unprinted Rolls

Customized materials to fit your packaging lines.

3

Pouches & Sachets

Versatile formats for modern product packaging.

Why Choose us?

Reliable, innovative, and committed to delivering top-quality flexible packaging tailored to your needs.

Sustainability

We focus on eco-friendly packaging solutions, recyclable materials, and reducing waste through efficient production processes.
